# SVEN PEETERS

## SENIOR JAVA DEVELOPER

I build reliable full-stack web applications, with backend engineering as my strongest craft and the work I enjoy most. I turn complex business workflows into clear, maintainable software. My long-term goal is to keep growing as a developer while moving closer to IT architecture. Beyond client work, I keep improving my skills through self-driven websites and applications.

📅 13+ Years Experience

🏠 Freelance

🎓 Bachelor in Applied IT
